

Down Lead Clamp

Application:

The product is for leading down or upward and fixing the cable on cable connecting tower, tension tower and terminal tower to prevent the cable from shaking and avoid cable wear.

Product Picture:

For Tower Use

For Pole Use

Product Selection Table (For Tower Use):

No.	Applicable cable diameter(mm)	Weight(kg)
1	9.0-13.3	1.0
2	13.4-17.7	1.0
3	17.8-19.7	1.0

* Other type of clamp can be designed according to customer's requirements.

Product Selection Table (For Pole Use):

No.	Applicable cable diameter(mm)	Applicable pole diameter(mm)	Weight(kg)
1330-I	9.0-13.3	160-300	0.5
1770-I	13.4-17.7	160-300	0.5
1970-I	17.8-19.7	160-300	0.5
1330-II	9.0-13.3	230-600	0.6
1770-II	13.4-17.7	230-600	0.6
1970-II	17.8-19.7	230-600	0.6
1330-III	9.0-13.3	300-1000	0.7
1770-III	13.4-17.7	300-1000	0.7
1970-III	17.8-19.7	300-1000	0.7

* Other type of clamp can be designed according to customer's requirements.
